Deerfield Wind Energy Preserve Work Day Huron Township, Huron County, Michigan Saturday, December 16, 11:00 – 4:00 PM

We are cutting invasive Japanese Barberry again on the Deerfield Preserve near Port Hope this Saturday, December 16 from 11:00 am to about 4:00 pm. If you would like to help, bring long-handled loppers or pruning sheers, a machete, or a weed whacker with a steel brush blade. The TLC has some tools available but we can always use more. You will want to wear boots and bring leather gloves, drinking water, warm clothes, and safety glasses if you plan to operate power equipment. The TLC will provide lunch and some gas money. Please let us know if you plan on helping.

The preserve is located at the end of Brining Road, south of Moeller Road, about 4 miles west of Port Hope. See the map below. The easiest way to get there from the south is take M-25 about 1 mile north of Port Hope to Moeller Road, then west about 3.5 miles to Brining Road, then south to the road end where you should see us across a hay field to the southwest about 500 feet.

TLC Christmas Gathering and Executive Board Meeting Sunday, December 17, 1:00 – 6:00 PM

Our annual Christmas gathering and 4th quarter board meeting will be on Sunday December 17 from 1:00 to 6:00 PM at the home of TLC executive board member Dorothy Craig, at 3685 Wilson Drive in Fort Gratiot. She is at the dead end of Wilson Drive next to our Dead End Woods Sanctuary.

Except for our meeting, the gathering is very informal. All are welcome. A dish to pass, snacks, or beverages are appreciated. Most of all, just show up and bring your thoughts about nature preservation in the Thumb. Please RSVP if possible.

3685 Wilson Drive, Fort Gratiot, at the dead end of Wilson Drive
